RegScale

Faster Compliance for Tech Innovators

Slash Certification Time and Costs
With Automation and AI

Simplify Your Industry-Critical Certifications

✓ Manage all your industry regulations, including FedRAMP, ISO 20071, NIST CSF 2.0, SOX, PCI DSS, and more.

✓ Beat out your cloud competitors with 94% less effort to complete SOC 2 Type 2.

✓ Sell to the DoD faster with 30% lower costs and quicker timeline for CMMC.

Speedrun Your Evidence Collection with Intelligent Automation

✓ Slash time and manual processes with automated evidence collection.

✓ Apply a single piece of evidence across multiple regulatory requirements.

Let AI Handle the Heavy Lifting

✓ Write your control implementation statements with 92% less effort.

✓ Easily map your existing policies to external controls.

✓ Review your work with quality and completeness checks.

✓ Improve your control documentation accuracy by 80%.

## Fast Track Your FedRAMP with Our Coalfire Partnership

With FedRAMP High and DoD IL5 authorization, RegScale provides the secure foundation that Coalfire's work demands. Our platform supports you whether you're working toward your very first ATO or seeking economies of scale for multiple ATOs.

FR
FedRAMP

COALFIRE

➤ Stop building your SSPs in unmanageable thousand-page documents.

➤ Get easy exports for inventory workbooks, monthly POA&Ms, SSP Appendix A, and more.

➤ Achieve FedRAMP High certification in 300% less time and 50% less cost.

RegScale

Leverage Continuous Controls Monitoring Across Your Tech Stack

✓ Unify risk and compliance teams with seamless data sharing that eliminates silos and keeps risk assessments current.

✓ Integrate with security scanners like Qualys and Tenable, ITIL tools like Jira, and dozens of other tools for streamlined issues management.

✓ Get real-time reporting so you're always up to date on your compliance and risk posture.

Serving the Tech Sector and Beyond

Organizations in tech, finance, and other complex regulatory environments have chosen RegScale to simplify their risk and compliance programs while improving their GRC outcomes. Customers include:

✓ A leading cybersecurity and compliance advisory firm

✓ A top biometric identity verification company

✓ A large banking institution

✓ A multinational professional services firm

✓ And many more

Escape the complexity of legacy GRC tools.

Cut costs with a lightweight and automated solution.
