

Compliance is a Journey

Stay on the Right Path with
Wayfinder Builder

The path to compliance is long and complex. Whether you need to set up a new program, add a new framework, add evidence, or more, RegScale's Wayfinder Builder is there to simplify that complexity.

Wayfinder Builder allows you to define and manage step-by-step compliance guides tailored to your internal processes or regulatory frameworks. These guides enable structured task tracking for certifications and audits, making your compliance journey a smoother, more consistent process.

Save Time and Effort, Bridge Skills Gaps

- ✓ Bring new employees up to speed faster
- ✓ Build new programs, add frameworks, and set up new components effortlessly
- ✓ Learn as you go with walkthroughs of the correct process for compliance novices

Never Miss a Step Again

- ✓ Eliminate error-prone manual work with a repeatable, scalable path of progression
- ✓ Measure your progress in phases by breaking up tasks to match your certification and compliance processes
- ✓ Create consistent, well-organized compliance processes through a defined, structured approach

Real-Time Progress Reporting

- ✓ Stay informed about how your team is progressing
- ✓ Quickly keep up with changing regulatory requirements with easy-to-update forms
- ✓ Handle internal report generation as well as regulatory frameworks

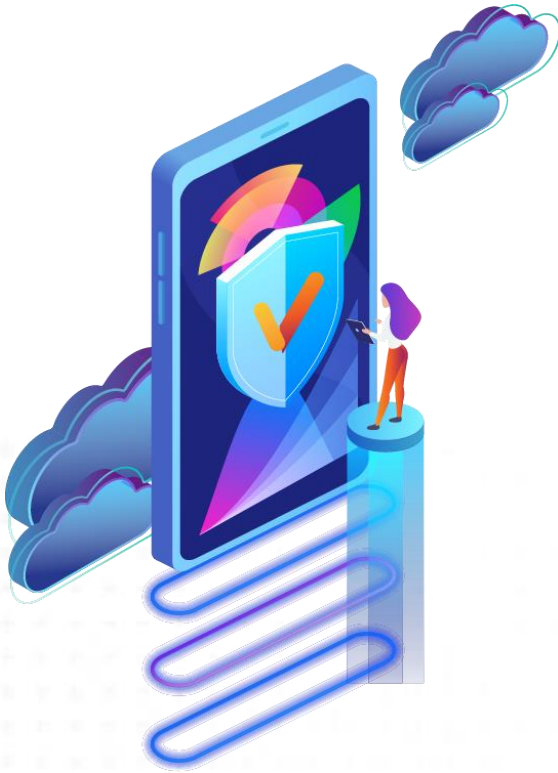

Transforming the GRC Industry

RegScale's award-winning Continuous Controls Monitoring (CCM) platform is a cloud-native, automation-driven solution that helps companies achieve better GRC outcomes in less time, at less cost, and making staff more effective.

The RegScale platform supercharges every phase of your control lifecycle with seamless data integrations, self-updating paperwork, extreme automation, and advanced AI.

Get help with:

- ✓ **Policy & Compliance**
- ✓ **Simplified Risk Management**
- ✓ **Continuous Compliance Automation**
- ✓ **Third-Party Risk Management**

Proven Impact: Our Track Record of Success

By automating manual GRC processes, RegScale helps organizations reduce costs, stay always audit-ready, and improve their security posture. Here are a few recent wins:

- ✓ 60% reduction in audit prep and response time
- ✓ 80% higher accuracy with automated control documentation
- ✓ 94% reduction in effort to complete SOC 2 Type 2
- ✓ 3-4x faster time and 50% less cost to achieve FedRAMP High
- ✓ 30% lower costs and faster timeline for CMMC

Who We Serve: Our Growing Network

Organizations in tech, research, consulting, national security, and more have chosen RegScale to accelerate their compliance programs and enable better GRC outcomes. As companies move toward agile development and cloud-native architectures, shifting from periodic assessments to continuous compliance monitoring will be crucial. Our CCA solution is transforming DevSecOps by maintaining continuous compliance without sacrificing speed to market.
